PRESIDENT'S MESSAGE

RESPECT

This word represents a personality trait that I would hope that all of our members have and use. This week, the parking lot was regraded and it looks great. The smooth ride of your car will tell you that all the pot holes have been fixed. I would like to see it stay this way.

Recently, I have noticed that someone is discarding orange peels all around the grounds. Garbage cans are out for everyone's use, so let us use them. I am sure whoever the culprit is, would not appreciate me dumping garbage on their front lawn.

In additions to this, I would ask all members to stop rolling the railway ties to find dew worms. When this is done, they are never put back straight. They are now on packed gravel so I doubt you will find worms anyway. I think our fees are low enough that you should be able to afford a dozen worms from time to time. They will keep well in your basement refrigerator.

In addition to respecting our club, its grounds and pond, please do the same to your fellow anglers. Recently, there has been some inappropriate behavior between a few members. When fishing on the docks, please allow enough room for all to enjoy what we have to offer. Likewise, on the lake; give other boaters and anglers enough room to fish. I realize with the number of members and their families that we have, not everyone will get along, but let them remember that they are members also and we must show respect in accordance with the club's Code Of Conduct.

Yours in Conservation,
Stan Gibbs

**PETER TOLSMA
ANNUAL YOUTH ACTIVITY DAY
Sunday, June 26**

In the many years that I have been associated with this club, I have witnessed the evolution of dedicated conservationists and avid anglers. The process usually starts at an early age with young children on the docks experiencing their first fish on a Fisher Price fishing rod. The initial excitement is usually phenomenal and often progresses quickly as the young angler slowly gains knowledge and experience.

Like most young children their thirst for knowledge is relentless, so as they are explained the significance of our pond and the surrounding woods, the seed is sown for the future conservationist. This part of their growth usually only lasts for a couple of years until other interests take over their lives such as video games, cars, shopping and the opposite sex just to name a few. The comforting part is that a lot of these children come back to nature at some point in their lives and become avid anglers and conservationists.

To help expose these children to what we enjoy at our club, we host the annual Peter Tolsma Youth Activity Day. This day is filled with activities such as a fishing derby, target casting, target shooting (is supervised by licensed members), and this year we will be tying some flies for fishing. Lunch is provided and prizes awarded: all free to participants. There is a nominal charge for the adults to cover the cost of their lunch. Cool drinks and water will be available all day at no cost.

This activity requires pre-registration and all participants must be accompanied by an adult for the day. All the fun starts at 9:00 am with our derby and usually ends by 2:30 or so with the award presentations.

The day is open to all member's children or grandchildren 12 and under. To register your children or grandchildren please send me an email with the child's name and age at **presidentwofgpa @ gmail.com** or call 519-668-2609 (evenings). See you soon on the pond.

CLUB MERCHANDISE

NEW ITEMS – "Wick-away" navy golf shirt and "camouflaged" ball cap, embroidered with orange "WOFGPA" - cost \$28 and \$20, respectively.

The club has pens, lanyards, T-shirts, hoodies, sweatshirts, toques, patch crests and key chains available in stock

Current selection includes larger sized hoodies and T-shirts (sizes XL to XXXL). The embroidered "bucket" hats can be purchased for only \$15.00 each.

Lined jackets with an embroidered club crest and your name are available as custom orders only.

Andre Koch can be reached at home by phone and is present at club meetings and functions.

FISHING ETIQUETTE

Please do not crowd other anglers on the docks. Moving a few feet closer will not entice the fish to bite on your line instead of your neighbour's. Junior anglers find it quite intimidating to be crowded on the docks by an adult. Remember some anglers tend to need a larger area to cast. Fly fish in suitable areas and way from other anglers.

Each angler may use only one rod at a time. Culling your catch and the use of live bait is not permitted.

The turtles in the pond are quite large and somewhat aggressive. They have been known to take bites out of fish that are on a stringer. Be on the constant lookout for turtles while angling.

If you are fishing on the north dock, be aware that members with boats and canoes have the right-of-way. Please stop fishing or fish elsewhere while they are taking their boat in or out of the water.

All Trout can be cleaned at the steel cleaning table by the north dock. We ask that any fish wastes be tossed into the bushes where it will be considered as the "daily delicacy" by resident raccoons. Please rinse the table thoroughly with water when you are done cleaning your catch. The water at the cleaning station is pond water and should not be used for drinking.

If you are taking Black Crappie home for a meal, we ask that you take enough for only one meal. All Black Crappie larger than 9 inches are breed stock and must be returned to the water.

Observe your daily catch limits as determined by your membership type. Record your catch in the Log book located in the small vestibule on the east side patio area. This book will also give you an idea of what bait that trout currently find attractive in an effort to increase your chances of getting a big one to take home.

All trout caught must be kept, without exception. If you choose not to keep the trout, it may be given to another angler who is present at the club. You are still required to record your catch in the Log Book as part of your daily catch limit.

If you have any questions or comments, please speak with the Ponds committee or any Executive member.

HALL RENTALS

Did you know that the WOFGPA hall can be rented for your next "special" occasion for a very reasonable price? The hall has a maximum seating capacity of 80 persons, which makes it just the right size for a small wedding reception, bridal and baby showers, your next meeting, anniversary party, family reunions and get-togethers, Christmas party and birthdays.

It offers full kitchen facilities, except dishwasher. Professional bar service is offered in the wet bar. Members receive a discount on rentals which occur on Friday or Saturday evenings.

Please contact the club 519-681-2370 to get the low rental rates and availability of the hall.
