## PRESIDENT'S MESSAGE

The next time you get out to the Club, you will notice a couple of white buoys on the water. These are attached to aeration heads that will oxygenate the water from air supplied by the windmill that is mounted on the ponds edge, on top of a telephone pole.

This system should help keep the water oxygen levels at a much higher concentration, therefore keeping our fish healthier.

Since this equipment is very expensive, and difficult to repair, I ask that you refrain from fishing around these markers. If for some reason your line gets caught on one of the guide ropes or worse yet, one of the lines that are running along the bottom of the pond to these markers, please do not use any force trying to retrieve your tackle, just cut your line.

In the coming months when the pond freezes over, the aeration system should keep the water open around the markers. Since this is a wind driven device, the water may freeze over temporarily, but beware, the ice around the markers will be unsafe for people to be on.

PLEASE STAY CLEAR!!!

Happy Fishing

At the October General meeting, the motion for WOFGPA to become 100 % affiliated with the Ontario Federation of Anglers & Hunters (OFAH) was defeated.

Yours in conservation

**Stan Gibbs**

## UPCOMING EVENTS AT WOFGPA

Please remember to mark your calendars so that you don't miss an event. With each event, a contact will be named if you wish to volunteer a bit of time to better this very unique organization. As the date of each event gets closer, the details will be printed in the newsletter, posted on the Bulletin Boards at the club and on the website. The event calendar for 2009 – 2010 is available on the website [www.wofgpa.org](http://www.wofgpa.org). When each person became a member, they agreed as part of their membership, that they would give of themselves to the betterment of the club. If you have never come out to assist with a function, now is a good time to get to put a name to a new face as you meet the other members in a relaxed atmosphere. If you are a returning volunteer, there are just not enough ways to thank you for all you have done. Come out and join the fun!

| Sat. Nov. 28   | Christmas Tree Sales begin<br>Tree Sales start and will continue until all trees are sold. This year there will be an additional 25 snow tipped Fraser fir trees in the 8 – 10 foot range, which will be sold at a higher cost. This is our largest fundraiser of the year. It is what keeps your membership dues so low compared to other organizations of similar nature and funds many of the events throughout the year. It ensures a continuous stock of fish in the pond. Don Colborne has begun to collect names for selling Christmas trees. Don will be available at any function and can be reached by telephone after Nov. 14 <sup>th</sup> . |
